

# CONESTOGA VIEW NURSING & REHABILITATION

Conestoga View, located at 900 East King Street, Lancaster, provides skilled nursing services for long term residents, as well as short term rehabilitation to home or assisted living individuals. At Conestoga View, they are constantly shifting to meet the needs of the community. A wide range of acuity needs including ventilators, trachs, wound care and a secure dementia unit are available to residents. In addition, the facility is able to meet the needs of people from 18 to over 100 years old!

Conestoga View was a county owned nursing home until it was privately purchased by a long-term care provider in 2005. With views of Lancaster county's rolling hills and the Conestoga River, Conestoga View is an unknown gem of the county. You may know about them, but until you visit and get a feel for their community, you can not fully understand the scope of care and services that are provided. They are truly a community that cares for each other like family. Residents have commented that "Conestoga View has really become my home, a place where I can thrive."

Many of the staff started their careers at Conestoga View and stay until retirement. Meeting the needs of the incoming residents as well as the family is a number one priority. Healthcare can be very confusing. Helping consumers navigate the system successfully is very important to the staff.

Conestoga View Nursing and Rehabilitation can be reached at 717-299-7850. You may also view their website at [www.conestogaviewnursing.com](http://www.conestogaviewnursing.com).
