

EPHRATA MANOR

**A Place to Be Yourself
and Celebrate Your Life**

UCC Homes

Ephrata Manor serves older adults with a variety of living arrangements to meet each individual's present and future needs. With 60 independent living apartments, 48 personal care units and 120 skilled nursing beds, Ephrata Manor can provide a continuum of care with no long-term leases or entrance fees...a unique and attractive alternative to the significant cost of buying into a life care community.

Cozy apartments afford freedom from worries of home ownership, allowing residents carefree living and peace of mind for enjoyment of their retirement years. Ephrata Manor's lovely private personal care accommodations are available to those in need of support with every day tasks. Newly renovated nursing units assure that medical needs are met in an attractive, modern home-like environment. All variety of living arrangements are under one roof at 99 Bethany Road in Ephrata, PA.

Our goal is to provide an environment where one can pursue current interests and continue to engage in life-long routines to the greatest extent possible. For further information, please contact Virginia Boyle, Director of Social Services, at 738-4940.
