

GINGRICH BUILDERS, LLC

Mervin Gingrich started as a sole proprietor building log homes for dealers in the early 1970s. Realizing there was an opportunity to market custom log homes and the need to fill this niche in Lancaster and surrounding counties, Mervin started Gingrich Builders in 1974.

Gingrich Builders is a family owned business. Mervin's sons, Bruce, Todd and Tim grew up helping their dad and after graduating, each of them joined the business.

Gingrich Builders designs and builds their homes out of solid pine, cedar and cypress wood. Various log shapes and dimensions are available as well as double tongue and grooved and saddle notch corners. Also available are large dimension white pine timbers, which cannot be found at local lumberyards. Gingrich Builders buys green timbers, which are air-dried for a full year, milled locally and handcrafted for each custom home.

For over 30 years, Gingrich Builders has been building log home and now they are building homes for the second generation of their customers. They also do remodeling and additions to existing homes.

If you are planning on building a log home for your primary residence or a mountain getaway, call Gingrich Builders. You won't be disappointed in the quality of work or the knowledge and experience of the on-site crew.

Gingrich Builders is anticipating moving into their new office and showroom (pictured above) at 1971 West Main Street, Ephrata, in the spring. Hours are 8:00 a.m. to 5:00 p.m. evenings by appointment only. The phone number is 717-626-6111 or visit the website at www.gingrichloghomes.com.
