

# HORNBERGER'S AUTO BODY

If you are looking for an auto repair shop that prides itself on high quality workmanship, look no further than Hornberger's Auto Body located at 123 East Church Street, Reamstown.

The shop specializes in auto body repair, painting, collision, frame straightening, custom paintwork & total restorations. "You can't

even see where you fixed it!" "Great color matching!" are just a few of the comments satisfied customers say when they come to pick up their vehicles.

The Hornberger's prefer doing quality work versus quantity of work because they take pride in what they do. A great deal of their work comes from repeat customers and referrals and they are thrilled to gain new customers who have heard of their quality work from previous customers. The shop has been added onto twice and additional employees have been hired due to increased growth.

Hornberger's Auto Body started out in 1984 as a husband and wife team and today continues to be family owned and operated by Daryl and Diane Hornberger. Their daughter Angie has joined the team in August. She is in training to be their service writer. The shop was started due to a desire for Daryl to be his own boss and the enjoyment he derives from working on cars.

Call 717-336-3228 for more information on how Hornberger's Auto Body can get your car back in shape. Hours are Monday - Friday 8 a.m. to 5 p.m. and by appointment on Saturday. You can also find more information on their new website, [www.hornbergersautobody.com](http://www.hornbergersautobody.com).
