

FOX COUNTRY SHEDS

Fox Country Sheds is a manufacturer of storage sheds and prefabricated garages. The structures are available in a variety of sizes and styles. Most people think of a storage shed as a very basic structure, but they are also available with custom details to meet many different storage needs. They can range in size from as small as 6x6 to as large as 28x36 and even two-story structures. Customers can select the vinyl siding and shingle colors to match their home, which can enhance and add value to their property. Custom sheds can also be used as pool houses and even home offices. Customers can either come to the facility located at 537 East 28th Division Highway, Lititz to place an order or they can order online at www.FoxSheds.com. The sheds are sold all over the United States and truckloads of sheds leave daily.

Fox Country Sheds was started in 1998. Adam and Jeannie Kontis acquired the business in 2008. They are a family-run business that includes their son, Alex. They recognized the value of a well-crafted product, which also happened to be made locally, in turn helping the local economy by providing jobs. They knew the company had potential to grow due to homeowners choosing to stay in their homes longer and needing to add storage to their existing homes. Being able to add a single or double garage to an existing property for extra parking or lawn care storage is a great benefit to many homeowners. Locally built gazebos and backyard playsets are also available for purchase. Receiving photos of the happy children playing on the playset brings great satisfaction to Adam and Jeannie.

The family has a very hands-on approach to every aspect of their business. The owners work in the office daily and when a customer calls, there is a good chance that they will be speaking directly with one of the owners. A customer testimonial from their website demonstrates how satisfied customers are with Fox Country Sheds: "Adam helped me design the perfect shed for my needs. I am extremely satisfied with the knowledge, help, design, fabrication and delivery of my shed. The delivery person was also great making sure to place the shed exactly where I wanted it and made sure everything was level and in proper working condition."

Fox Country Sheds is licensed and insured, which is something that may not be the case with other companies in the same industry. They are members of the Lancaster Chamber of Commerce and Adam sits on the Board of Directors of the Pennsylvania Wood Structures Association.

Business Hours are Monday through Friday, 8:00 a.m. to 5:00 p.m. and Saturday, 10:00 a.m. to 2:00 p.m. Please call 717-626-9560 with questions or for more information. You can also reach the business by email at info@foxsheds.com or visit the website at www.foxsheds.com for pricing and online ordering.
