

L'INTÉRIEUR LE NAIR

Ever since Tammi Le Nair had her first apartment, she loved designing and sewing draperies. In 1991, she decided to follow that love and opened up L'Intérieur Le Nair, now located at 55 New Street, Suite 10, Ephrata.

Tammi's focus is on designing and fabricating one-of-a-kind couture window fashions. She refers to them as, "candy for the window!" She is involved from the beginning until the end of a project as she is the designer, the fabricator and accompanies the installer. Tammi also offers an exclusive shop at home service for clients so they can see the fabrics, trims and hardware in their own space and lighting.

In addition to draperies, Tammi carries hard treatments such as blinds - wood, faux wood and metal; shades - roller, roman, pleated and woven; shutters - wood and faux wood; and exterior shades for patios. Safety features such as motorized and cordless operation are available in addition to the standard cord controls. Major brands include Hunter Douglas, Comfortex, Graber, Lafayette, Insolroll and Conrad.

To truly customize any project, Tammi has her own line of custom painted mini finials called La Finial for 1/2" diameter rods. She also introduced her own line of leather tiebacks made by a local Amishman. They include patent leathers and faux crocodile embossed leathers in assorted colors and metallic vinyls available with crystals and monogramming.

No matter what your fashion taste or budget, L'Intérieur Le Nair can build upon your ideas for a beautiful creation. Tammi can be reached at 717-733-2463 or you may view her website at www.couturewindowfashions.com. Hours are by appointment only.
