In 2007, Cleason H. Reiff, desiring to spend more time with his family, saw the need for an occupation at home. He acquired his family's handcrafted furniture business that was started by his father in the early 1980s. Cleason is now the third generation of his family to be in business, following in the footsteps of his father, Clarence, and his Grandpa Hoover. Brothers Anthony and Linford Reiff are also involved in the business, making it 100% family-owned. The family is committed to meeting the needs of each customer, and they want to make sure every customer is 100% satisfied with their product.
