

BENJAMIN F.D. CHIKES, D.D.S.

Dr. Benjamin F. D. Chikes takes pride in his work, his commitment to his patients and the community. He believes the universal language is a smile. He and his staff work hard at staying up-to-date in the latest orthodontic technologies. They are trained in the Invisalign system, Clear Correct System, lingual braces, and various functional orthodontic/orthopedic appliances.

Dr. Chikes is the only full-time orthodontist in the Ephrata area. Having opened his practice in 1990, this year he is celebrating his 29th year of service to surrounding communities. After outgrowing his first office in 1999, he moved his practice to its current location at 150 West Fulton Street. The building, built in 1901, has been renovated to provide a comfortable and pleasant atmosphere for patients while keeping its historical integrity of this fine, old building. In recent years, Dr. Chikes has opened satellite offices in both Schaefferstown and Hempfield to better serve patients in those areas.

Dr. Chikes graduated from American University, Medical College of Virginia and Fairleigh Dickinson University in New Jersey. He also served as a Captain in the U.S. Army Dental Corp. He is a member of the American Dental Association, American Association of Orthodontics, as well as Pennsylvania and Lancaster County Dental Societies. He is also a member of the New Holland Kiwanis Club and Ephrata Area Chamber of Commerce.

Dr. Chikes and his friendly staff welcome new patients. If you are in need of orthodontic care for either yourself or your children, call Dr. Chikes' office at 717-738-4901 to schedule a complimentary consultation. Visit them on the web at www.chikesorthodontics.com.
