

COLLIFLOWER, INC.

Colliflower, Inc. "is a customer focused distributor of quality fluid connectors", mainly, Parker Hannifin fluid connectors. Colliflower's team of outside sales representatives and ParkerStores, caters to the construction, material handling, agricultural, industrial, transportation, OEM and water/beverage customer.

Colliflower stocks hydraulic and pneumatic hoses, hose fittings, flanges, metric fittings and adapters, tube fittings, brass fittings, quick coupling and much more. So, if it's a hydraulic hose or fitting you are looking for, chances are Colliflower has it. That's all they do!

When you have a piece of equipment, a machine, or a plant shut down, you can't afford to wait. Colliflower understands that time is money. They pride themselves in providing superior customer service and making sure that your hydraulic hose assemblies are made fast. Meeting your expectation is simply not enough.

Colliflower's reputation was built on the goal to "exceed the expectations." Every Colliflower employee has the same objective every day. From the team member that pulls and ships your order to the president of the company, their goal is to "exceed your expectations."

Store manager, Matt Weaver, is a graduate of Cocalico High School and Penn State University. Matt has earned the Parker Certified Connector Specialist and Certified Connector Technician designations by completing Parker's rigorous and detailed training courses.

As new construction equipment is being introduced to the domestic market, Colliflower has responded by maintaining a robust and ever-increasing inventory of metric fittings and adapters. Now, with 30 Parker Stores throughout Pennsylvania, Maryland, Virginia, Georgia and Florida, chances are if you have a problem, Colliflower has a solution conveniently near you.

Colliflower, Inc., 512 North Reading Road, Ephrata, opened in 2007 and is the only authorized ParkerStore in Northern Lancaster County. Whether it is a simple fix or an involved answer, they are providing a great value to customers by providing long-term solutions, which results in less downtime. There is a great effort made to make and maintain lasting relationships with their customers in and around the community.

Colliflower, Inc. looks forward to seeing you! Business hours are Monday through Friday, 7:30 a.m. to 5:00 p.m. and they are also available 24/7 for emergency service. More information can also be found at their website, www.colliflower.com. Their phone number is 717-733-4040.
