

COUNTY LINE MECHANICAL

Since 1994, County Line Mechanical is a family business serving the needs of your community for plumbing, heating and cooling service, repairs and replacements. County Line Mechanical is committed to keeping you and your family comfortable through the seasons, keeping you cool in summer and warm in winter. Above all, County Line Mechanical provides quality installation and services at competitive prices. You'll find that they are knowledgeable and always friendly.

As an authorized Lennox Premier Dealer, they provide a full line of comfort systems for heating and air conditioning. Climatemaster Geothermal, Bradford White Water Heaters and other products are offered for your home needs. They service and repair all brands and types of heating, including gas, heat pumps, geothermal, oil, and mini split systems. They offer one year parts and labor warranty, as well as manufacturers' warranties. Additional services are plumbing service, water treatment and air quality systems.

The focus is always on offering the latest technology for whenever and wherever you are to keep your home comfortable and energy efficient. With 24-hour emergency service, County Line Mechanical's staff and trained technicians are dedicated to serving customers no matter when you need them. A routine HVAC maintenance is essential to keeping your system running. Call 717-336-0185 or contact online www.clmech.com today to schedule a maintenance or for a free estimate on a system replacement.
