

# DC EAGER EMERGENCY SERVICES™ LLC

***"We Educate Before We Estimate"***

DC Eager Emergency Services, LLC are experts in all types of property damage that may occur within your home or business, such as Water, Sewer, Lead and Mold Removal. They have also become known throughout the building world for their clean demolition. Darlene Eager, Owner, has been in the business for 17 years. She has put together an amazing team who shares her love of the business as well as her passion for helping people. For the past several years, DC Eager has become known for the work they do, as well as the care they give, when helping a customer with a hoarding situation. As hoarding has been getting a lot of attention lately, it is the well-being of the homeowner that Darlene and

her team remain focused on. If hoarding is a concern for you, a friend or family member, or if you just need someone to help you remove the clutter that may have accumulated over the years, DC Eager would love to help.

There are many reasons why it is important to declutter your home, as it can be dangerous. During a fire, the fire can spread quickly throughout the home and may leave the homeowner trapped inside. Emergency responders may be prevented from accessing the injured. There is a high risk of health issues caused by the mold and bacteria when living in unsanitary conditions. And in even more serious conditions, homeowners could lose custody of their children and/or pets due to the safety hazards.

Many times, once the home is decluttered, mold is discovered throughout the residence. DC Eager Emergency Services, LLC is an IICRC firm certified company in mold remediation (removal). As there is a lot of misinformation out there about mold, DC Eager loves to educate you on your situation so that you can make a decision based upon the knowledge you received and not based upon the scare tactics and sales pitches of others. There is no magical potion that you spray on mold and it goes away, DC Eager follows certifications and physically removes it using NO chemicals.

If you or any one you know needs the services of DC Eager Emergency Services, please feel free to call Darlene at 717-989-5763 for a FREE assessment and estimate or check them out at [www.dceager.com](http://www.dceager.com) for more information.
