

JEFFREY R. EBY, D.M.D.

A visit to the dentist can be scary. That's why Dr. Jeffrey Eby has designed his Akron office to put his patients at ease.

A soothing tropical theme dominates the office, with a blue/green color scheme and an aquarium in the reception area. All photos in the office were taken by Dr. Eby, and there is a large children's playroom. Each operatory is equipped with cable television for viewing during treatment. Patients also have the option of utilizing headphones, neck pillows and nitrous oxide (laughing gas) for relaxation.

Once the patients have relaxed, they can take advantage of the many services Dr. Eby offers: family and cosmetic dentistry, restorative dentistry, implant therapy, crowns and bridges, dentures, extractions, cosmetic treatments such as bonding and bleaching (including the ZOOM! in-office whitening system as seen on Extreme Makeover), children's dentistry and periodontal therapy. Dr. Eby enjoys meeting new families and helping them achieve the best oral health possible.

Dr. Eby graduated dental school from the University of Pennsylvania and completed his general practice residency at the Medical College of Georgia. Dr. Eby recently obtained the Fellowship award from the Academy of General Dentistry. Originally from New Holland, he wanted to start his own practice close to where he grew up. He opened his office at 240 North 7th Street, Akron, in June 2002, after practicing dentistry in Massachusetts and Philadelphia. Front Office Administrator Megan Forrey, assistant Kelly Wise, and hygienists Barb Browell, Connie Beck, Jill Hurst, Kim Harmuth, Rebekah Matz and Jill Beamesderfer complete the team.

Office hours are Monday, Wednesday and Thursday from 8:00 a.m. to 5:00 p.m., Tuesdays from 1:00 p.m. to 8:00 p.m., and two Saturday mornings each month. Contact Dr. Eby at 717-859-4170 or visit at www.ebydental.com.

Seated: Megan Forrey. Standing, L-R: Barb Browell R.D.H., Jeffrey Eby D.M.D. and Kelly Wise.
