

WEAVER EYE ASSOCIATES

At Weaver Eye Associates, our mission is to create enthusiastic patients through extraordinary eye care and legendary customer service. We provide patients with comprehensive eye exams to diagnosis and treat eye diseases such as glaucoma, cataracts, macular degeneration and more. We also treat red eyes and other eye emergencies. Optometry has changed a lot in the last 30 years. Previously, optometrists could only prescribe glasses and contact lenses. Optometrists have now become the Primary Eye Care Physicians. We diagnose, manage and treat 92% of all eye diseases.

We take pride in offering the latest in lens technologies and the newest in fashion forward frames to give our patients the vision they deserve and the styles they love. We carry many name brand frames such as Toms, Long Champ, Tory Burch, Coach and Michael Kors. For

lens options, we use many of the familiar names, such as Transitions, Crizal and more. Our doctors also love helping patients see clearly and comfortably in contact lenses too! Prescription sunglasses are also available for purchase.

Weaver Eye Associates is a family owned practice founded over 70 years ago in York County by George D. Weaver. In January of 2018, we opened our first practice in Lancaster County, located at 1555 Highlands Drive, Suite 180, Lititz. We merged with Dr. Leslie B. Miller who has practiced in Lancaster County for over 30 years. Dr. Emily Weaver, who joined Weaver Eye Associates in 2017, also practices at the office. Dr. Miller and Dr. Weaver both work full-time in Lititz. Dr. Emily Weaver is a third generation optometrist. Her grandfather founded Weaver Eye Associates and her father Scott S. Weaver, has owned and managed Weaver Eye Associates since 1977. Emily is proud to continue the Weaver Eye Associates legacy.

Dr. Emily Weaver

"The eye doctors at Weaver Eye Associates believe in looking at the big picture when it comes to your eye health, so we take the time to get to know you, your eye care history and your vision needs. Our Doctors know that getting the right prescription involves balancing several factors, including clear eyesight, visual efficiency and your ability to process visual information seamlessly. If you need a comprehensive eye examination, an eyeglasses fitting, contact lens services or treatment for eye disease (such as glaucoma or macular degeneration) or eye surgery (such as LASIK or cataract surgery), our optometrists will provide you with the best care, advice, options and follow up," Dr. Scott Weaver states.

Please call our Lititz office at 717-625-4600 to schedule an appointment or for more information. You may also view their website at www.weavereye.com. Our office hours are Monday, 9:00 a.m. to 5:30 p.m., Tuesday, 8:30 a.m. to 7:30 p.m., Wednesday, 8:30 a.m. to 7:30 p.m., Thursday, 7:30 a.m. to 5:30 p.m., Friday, 7:30 a.m. to 4:30 p.m., Saturday, 8:30 a.m. to noon. We are closed on Sunday.
