

WEAVER'S STORE, INC.

Weaver's Store started as a little country store in the village of Fivepointville in 1957 when Irvin and Ruth sold used clothing in the basement of their house. Before long, Weaver's outgrew their little shop and in 1959 added new merchandise and moved to the south side of town. Several additions have taken place since then. Weaver's Store has been committed to serving the community for over 60 years.

Today Weaver's offers a variety of archery, sporting goods, toys, housewares, hardware, fabrics, infants', children's and ladies' wear, a full line of men's work clothes and a large selection of men's, ladies' and children's footwear. They have earned a reputation for quality merchandise with low prices, great selections and friendly hometown service.

In 2006, Weaver's added a second location at 182 East Main Street (along Route 23) in Leola. This location specializes in computer paint tinting, hardware, glass and screen repair, lawn & garden products, propane and mulch delivery. The Leola store can be reached at 717-556-0791.

In the spring of 2012, Weaver's opened a third location in Centre County, near State College. This location at 108 Market Drive, Spring Mills, PA is located next to Burkholders Country Market, one mile west of Millheim on Route 45, and can be reached at 814-349-2650. A full line of footwear and clothing, sporting goods, archery, hardware, housewares, toys and fabrics are available there.

At the Fivepointville store, 1011 Dry Tavern Road, Denver, visit the café for mini donuts and a menu to enjoy breakfast, lunch and dinner. You can call the Fivepointville store at 717-445-6791.

The Weaver family gives all the credit to the Lord for their business success and a good supportive team of employees. Weaver's appreciates each customer and thanks you for your patronage.
