

Let Us Plan Your Plan

Daily, major emergencies occur in the United States. Unfortunately, they have occurred here in Lancaster County and will happen again. Floods, major fires, bomb threats, wind storms, active shootings and other threats can all occur. Gockley Emergency Planning, located in Ephrata, will assist your facility in being prepared for the unthinkable. They have the experience to help you in saving lives and property by having an emergency plan.

Chief Planner Randall S. Gockley has spent most of his life dedicated to serving the public to assure their safety. He is a strong believer in education, planning and preparedness exercising. Randall is a Professionally Certified Emergency Management Coordinator, having served as the Lancaster County EMA Coordinator for 28 years as well as on the South Central Task Force Executive Force for over 20 years. His expertise will assist you in being prepared to save lives and property should you experience a disaster.

Gockley Emergency Planning and Training services include **Emergency Planning**, how to properly react when an emergency or disaster strikes; **Incident Action Planning**, guidance for emergency services after an emergency or disaster; **Training** for weather, natural disaster, active shooter, man-made and terrorism, and fire extinguisher; and **Exercises** such as table top, functional drills and full-scale.

For more information on how Gockley Emergency Planning and Training can help you prepare for safety in the future, please call 717-466-9050 or email randygockley56@gmail.com.
