

HARTZ

Physical Therapy

HARTZ Physical Therapy is an independent, family-owned outpatient physical therapy clinic with 5 locations, all in Lancaster County. Serving the community for the past 21 years, the core of their mission is ensuring unparalleled patient outcomes with a commitment to customer service. Brian Hartz, DPT founded HARTZ Physical Therapy to fulfill his vision of creating an environment where he could not only hire, train and retain the best clinicians in Lancaster County, but also, could ensure that they felt valued, so that they, in turn, would be motivated and capable of providing patients with the best possible care.

It is important for patients to know that it is their choice where to go to physical therapy. HARTZ

PT can often save patients money versus outpatient PT services provided by a hospital-owned clinic. In addition, patients will have quicker access to care, with new patients typically scheduled within 24-48 hours. Quick access to care means a quicker recovery!

At HARTZ PT, your safety is their #1 priority. Their staff is taking extensive COVID-19 precautions to ensure their clinics are sanitized and that their patients are safe while in therapy.

If you are feeling pain, don't wait. A physician's referral is not necessary. HARTZ Physical Therapy has five locations in Lancaster County to serve patients. The Ephrata office is located at 1635 West Main Street. Convenient early morning and evening hours are available. Their phone number is 717-738-0004. You can also view their website at www.hartzpt.com.
