

HARVEST DENTAL

Harvest Dental is committed to providing quality dentistry in a caring way that addresses patients' individual needs. Owner Dr. Julie R. Lehr, DDS, designed the practice with your comfort and your family in mind. The office provides a children's play area complete with iPads, toys and books. Amenities such as complimentary refreshments and free WiFi is also provided. TVs on the ceiling in all treatment rooms, blankets and pillows and warm scented towels after your appointment help to keep you comfortable during every step of your visit. Harvest Dental specializes in Invisalign and with the Itero Scanner, we can customize your individual treatment to meet your anesthetic needs.

Recently the field of dentistry, in some areas, is making a shift from small personalized care to large corporations. As a healthcare provider, Dr. Lehr opened Harvest Dental in September 2013 so she could run her own practice and offer patients individualized care in a comfortable atmosphere. As patients have referred their family and friends, we have grown rapidly. Dr. Worzel joined Harvest Dental in 2017 and Dr. Caitlin Crouse joined them in 2021. Your dental health is Dr. Lehr's and her entire staff's top priority. They strive to give personal attention to address each patient's unique treatment needs in an honest way that works within each person's financial abilities.

Harvest Dental is open 5 days a week and offers convenient appointment times with evening hours Monday through Thursday to match patients' busy schedules. They also offer same day emergency visits, along with competitive fees and flexible financing. Dr. Lehr, Dr. Worzel and Dr. Crouse offer several services to help you smile with confidence: Routine Exams, Dental Extractions, Deep Periodontal (gum) Cleanings, Custom Mouthguards, Nightguards, Dental Sealants, Oral Cancer Screenings, Fluoride Treatments, Dental Implant Restorations, Tooth-Colored Fillings, Dentures, Root Canal Therapy and Cosmetic Dental Treatments including Invisalign.
