## Serving Northern Lancaster County and the Surrounding Areas

Blue Ridge provides reliable and affordable **high-speed internet** (speeds faster than a Gig with unlimited data), **HomeFi<sup>SM</sup>** (advanced whole-home **WiFi** powered by eero), **TV** (traditional and streaming), exclusive **local** programming (news, live sports, and community events), smart home **security**, and **phone** service to both residential and business customers. *Blue Ridge does all of this with transparent pricing (no broadcast or regional sports fees), no contracts, and free service calls.* We also hire and operate locally within the communities we serve to provide 24/7 support and the best customer experience in all aspects of service - that's the **Blue Ridge Advantage**.

## Building for the Future and Beyond

Blue Ridge prides itself in being an industry leader, providing **innovative** and **best-in-class** service through strategic infrastructure investments and partnering with forward-thinking technology companies to improve and expand our product offerings. **Blue Ridge Fiber** is our next-generation **100% fiber-optic** network that will provide symmetrical speeds straight to your home or business. When it comes to choosing an internet service that's capable of supporting what you do now, and what you might be doing in the future, **experience matters** and the Blue Ridge network is built for the long-term.

## Engrained in the Local Community

Blue Ridge is more than just a local service provider, we have been **deeply connected** to the neighborhoods we serve for **over 45 years**. Supporting a variety of local charities, civic groups, and local organizations including the American Cancer Society, Friendship Community, Keystone Military Families Stockings For Soldiers, local Chambers of Commerce, and more. Blue Ridge's **commitment to the community** runs deep.
