

# COUNTERTEK INC.

CounterTek specializes in custom laminate countertops and cultured marble vanity tops for the kitchen and bath industry. We deliver high-quality products with an industry-leading lead time. The countertops are built to meet your exact dimensions and requirements so they fit perfectly every time. Our countertops are provided at an economical level, filling a price point not served by granite fabricators. All laminate, postform, solid surface countertops, and cultured marble vanity tops are fabricated at our location at 1215 Ridge Avenue in Ephrata. We feature major brands such as Formica, Wilsonart, Corian, and Hartson-Kennedy. CounterTek has separated ourselves from our competitors by offering top-notch customer service and support. We work as a dedicated team not just for outside customers, but also for our employees in production, service, and delivery.

Everyone at CounterTek is committed to outstanding customer service and quality. We employ great people who work hard and play hard. We have a “can-do” attitude and have over 300 years cumulative experience in the industry. Simply put, we are the best craftspeople in the countertop industry. CEO Ray Roux describes the people he works with as “amazing and a joy to be around.” He wants everyone in the enterprise to reach their goals professionally and personally and enjoys seeing others working together to accomplish daily workloads as a team.

Some of the team members at CounterTek include Cristian Ardon, a dedicated and friendly coworker who moved to the U.S. in 2014 from Guatemala and loves the diversity and opportunities that he has seen; Mary Eberly, a 5-year veteran of CounterTek and an incredibly talented laminator who has a great eye for detail; and Jim Griffith, our dependable and meticulous Laminate Cutter who has been with CounterTek since our doors opened. It is employees like these that have allowed us to flourish as a company. Their various experiences have culminated into CounterTek being able to accomplish anything. Customers do business with people they like, and customers love CounterTek’s staff and products.
