

# HARTZ

## Physical Therapy

For the past 23 years HARTZ Physical Therapy has been serving the community with comprehensive physical therapy treatments for sports and orthopedic injuries, arthritis or achy joints, pre & post-surgical rehabilitation, pelvic health, stroke, Parkinson's Disease and more. As a locally owned, independent clinic, HARTZ PT prides itself on offering well-spaced appointments with the same PT team at each visit, which ensures unparalleled outcomes for their patients.

Did you know it's YOUR choice where you go for PT? With Direct

Access at HARTZ PT you will get treatment from the point of injury – eliminating the wait you typically experience going to your physician (PCP) first. In many instances, that delay in treatment can make an injury worse, resulting in longer recovery times. Don't wait for a physician's referral. Get immediate care for a faster recovery and save money at HARTZ PT vs. services provided by a hospital-owned clinic.

If you are in pain, call them today. HARTZ PT has six locations throughout Lancaster County who offer one-on-one care and appointments within 24 - 48 hours. The Ephrata office is located at 1635 West Main Street and offers convenient early morning and evening hours. Please call 717-738-0004 to schedule an appointment or request a FREE phone consultation. You may view their website at [www.hartzpt.com](http://www.hartzpt.com).
