

ST. PAUL'S UNITED CHURCH OF CHRIST

All are welcome! St. Paul's United Church of Christ is a small, beautiful, 136 year old country church in Bowmansville, where the love and grace of Jesus Christ is celebrated. Jesus Christ is the head of the church and all people are welcome! The church offers a combination of traditional and contemporary music and worship styles. From inspiring music to sermons that will make you laugh and think, St. Paul's United Church of Christ has a unique style in a friendly and relaxed atmosphere.

On the first Sunday of every month, the congregation is joined by members of the recovery community, including residents of The Grace House, for a special service known as "Grace House Blessings." The service features special music, readings by the ladies of The Grace House and "the world famous, highly anticipated, 3 minute sermon."

Grace House was founded by Pastor Phil Shober and his wife, Gerri about ten years ago. Grace House is an extended care residence for women in recovery. The Grace House has become an important part of their lives and the lives of many others.

In September 2022, Pastor Phil and church pianist Anna Fortuna, along with the musical talent within and beyond the recovery community, recorded an album of ten original songs: "Grace House Blessings: Turn The Page." The songs combine the ideas of religion and redemption. The album is available on all major platforms such as Spotify and Apple Music or come and please visit the church for a free CD. Pastor Phil wants people to feel loved and welcomed at St. Paul's United Church of Christ, no matter their background. The worship service is available Sundays at 10:30 a.m. in person or via livestream. YouTube livestream or past video recordings or audio sermon recordings, all are available on the church's website, www.stpaulsuccchurch.org.
