

# HARTZ

## Physical Therapy

As a locally owned, independent clinic, HARTZ PT prides itself on being ranked Lancaster's #1 Physical Therapy Clinic for the past 23 years. An award earned by offering:

- Appointments within 24-48 hours
- One-on-one care with the same PT team at each visit ensuring unparalleled outcomes for patients
- Well-spaced appointments allowing time for patient questions
- 100% focus on customer service and patient results
- Cost savings vs. services provided by a hospital-owned clinic

Their comprehensive physical therapy treatments cover sports and orthopedic injuries, arthritis or achy joints, pre & post-surgical rehabilitation, pelvic health, stroke, vertigo, concussions, neurological conditions and more.

With Direct Access at HARTZ PT, you will get immediate treatment after suffering an injury thereby eliminating the wait you typically experience going to your physician (PCP) first. In many instances, that delay in treatment can make an injury worse and prolong recovery.

It is YOUR choice where you go for PT. If you are in pain, call them today. HARTZ PT has six locations throughout Lancaster County. The Ephrata office is located at 1635 West Main Street and offers convenient early morning and evening hours. Please call 717-738-0004 to schedule an appointment or request a FREE phone consultation. You may view their website at [www.hartzpt.com](http://www.hartzpt.com).
